

Sustainable Development in Western Anglophone Africa

By Erika Machacek

GRIN Verlag, Germany, 2013. Paperback. Book Condition: New. Auflage.. 210 x 148 mm. Language: English . Brand New Book ***** Print on Demand *****.Diploma Thesis from the year 2007 in the subject Politics - International Politics - Topic: Development Politics, grade: Gut, University of applied sciences (IMC University of Applied Sciences Krems), course: International Law, language: English, comment: Many economies in Sub-Saharan Africa are dominated by extractive industries. With this background, the United Nations MDG 7 is of particular relevance in this region. West Africa, for instance, has extensive natural tropical forest resources which need to be managed sustainable not only to avoid the extinction of biodiversity and species, but also for their value with a view to all stakeholders., abstract: Sustainable development has been on the international agenda since the 1970s and there is general agreement that this topic is of international concern for the global community, also with a view to its interlinks with and affects on poverty. The demand for concrete objectives to tackle the many faces of poverty was met by the creation of the Millennium Development Goals (MDGs), which are intended to be met by the year 2015 and are expected to lift a large...

Reviews

The most effective publication i at any time go through. This is certainly for all those who statte that there had not been a worthy of looking at. Its been printed in an extremely straightforward way which is merely soon after i finished reading this publication where basically changed me, change the way in my opinion.
