Oro Editions, United States, 2013. Paperback. Book Condition: New. 206 x 165 mm. Language: English . Brand New Book. This is one in a series of books, each of which tells the story of a single building. It is our hope that as these books accumulate alongside our body of work, they, in their aggregate, will form a profile of our design intentions. Acting as a profile of a building as well as contributing to the profile of Ennead Architects, the books in the Profile Series employ initial program studies, schematic sketches, early two- and three-dimensional study models, construction shots, final photography and a personal statement by the designer to present an intimate, insider's view of the firm's unique approach to every project and to document the creative process. Finished photography combines the precision and technical virtuosity of classic architectural photography with lyrical and personal interpretations of the building, its context, and the people who use it. These books will appeal to architects, students and architecture buffs.
