Reviews

This is an amazing book that I actually have actually read through. I am quite late in start reading this one, but better then never. You will not truly feel monotony at anytime of the time (that's what catalogs are for concerning should you ask me).

(Scottie Schroeder DDS)

BRAINWASHED* AND MIRACLES**: *THE PERCEIVED MIND-SET OF THE SECULAR ELITE RE DARWIN-EVOLUTIONISM! **TO BELIEVE IN THEM - HAVE FAITH - IN SCIENCE AND LOGIC!

AUTHORHOUSE, United States, 2008. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****. No rational mind - given the evidence of buttons and buttonholes in an article of clothing - would deny that both intelligence and design played roles in the fabrication of such a garment, but - mystery of mysteries - the brightest and most educated in our culture, reject such considerations for all the infinitely more complex living organisms, insisting (dogmatically) that they somehow evolved by haphazard, sequential, random mutations. A challenge is therefore, proposed - to anyone anti- Intelligent Designer, who believes he has not been brain-washed, but who has at least a hair-line crack to openmindedness - to refute the material herein - the non-factuality and astronomical improbabilities of pure random-chance-mutations of individual elements (among the multi-billions in the DNA helix) as a credible belief system in explaining: u the spider, butterfly, or bacterium flagellum (Pajaro Dunes Micro-Biology Conference scientists challenging Darwinism); u male-female sexuality feelings: irresistible sex-drive before; gratification after - evoking propagation and proliferation of mammalian species; u the (simple, yet ever so complex) umbilical cord concept for mammals - from kittens to humans? This book is a scholarly review (in layman terms) of all pertinent aspects of Science versus Bible in all applicable fields: Archaeology, Astronomy, Biology, Cosmology, Egyptology, Paleontology, Physics, etc., with over 300 references to the arcane writings of worldclass scientists, historians, mathematicians and adventurers.
