Filesize: 2.35 MB

Reviews

A whole new electronic book with an all new perspective. It is one of the most incredible book we have read. Your way of life span will likely be convert when you comprehensive reading this article book. (Spencer Fay)

THE CREATIVE MIND: AN INTRODUCTION TO METAPHYSICS

Dover Publications Inc., United States, 2010. Paperback. Book Condition: New. 213 x 135 mm. Language: English . Brand New Book. The final published book by Nobel Prize-winning author and philosopher Henri Bergson (1859 1941), La pensee et le mouvant (translated here as The Creative Mind), is a masterly autobiography of his philosophical method. Through essays and lectures written between 1903 and 1923, Bergson retraces how and why he became a philosopher, and crafts a fascinating critique of philosophy itself. Until it leaves its false paths, he demonstrates, philosophy will remain only a wordy dialectic that surmounts false problems. With masterful skill and intensity, Bergson shows that metaphysics and science mustbe rooted in experience for philosophy to become a genuine search for truth. And in the quest for unanswered questions, the spiritual dimension of human life and the importance of intuitionmust be emphasized. A source of inspiration for physicists as well as philosophers, Bergson s introduction to metaphysics reveals a philosophy that is always on the move, blending man s spiritual drive with his mastery of the material world.
